**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic customer, and I appreciate the competition that they bring to the internet market in Los Angeles. They provide connectivity options other providers do not, with superior customer service, and competitive prices. It is a breath of fresh air when there are few other options.

I am concerned about efforts to remove unbundled network elements (UNEs) that foster the competition I, and others, benefit from. Please preserve access to UNEs as outlined in the 1996 Telecommunications Act to keep a competitive internet access market.

Thank you for your consideration.
